\* [Note from Defendants] Note that the State includes the asterisked documents, which either come from or pertain to WPATH, the Endocrine Society, and medical organizations, in the event that the court denies the State's omnibus motion in limine, Doc.126. The State still maintains that such documents, and all mention of or reliance on the organizations, should be excluded at trial.

\*\* [Note from Plaintiffs] To the extent that these documents appear also on Plaintiffs' exhibit list they were listed purely for purposes of rebuttal and/or impeachment and Plaintiffs object to the introduction of them in the first instance as noted above.
