Quentin,

Matt Staver sent us the survey to fill out as the first step to pursuing legal action. In addition to the Amazon smile, I think we should also submit accounts of our members who have suffered including those who keep their membership secret. Paul Hruz for example comes to mine. Michael Laidlaw actually dropped his membership with us as an associate for political reasons. In addition I think the audio digest debacle is also evidence of harm against us. Ronni Ann, please keep this email on file so that I don't forget to include all these things as evidence of defamation and concrete harm from SPLC.
